Dear All,

Please disregard earlier version of the Jane remarks. This one is the most current, with a few edits. Notable is that I went ahead and cut the brief description of the US activity commitments for the various agencies, as was proposed in the earlier version as way to further trim down the remarks. We are now at about 1,100 words that should be about right for Jane's time allocation (7 minutes).

I think I should share this major revision with Martin and OAQPS colleagues before sending to our interagency. Are you good with me sending along this version to Martin and OAQPS now, or do you want to take a gander first.

Ted

Reminder for Ted to add "Deputy" to bullet 1.

"I am Jane Nishida, Principal Deputy Assistant Administrator for International..." and FYI for others.
